- I agree that my child's work may be electronically published.
- I agree that appropriate images and videos that include my son/daughter may be published subject to the school rule and that these will only be accompanied by pupils' first names, if at all.
- I understand that I can opt out of having any images/videos of my child on the school website. To do this I will need to obtain and sign a separate form from the school office.

Parent's Consent for Internet Access

I have read and understood the school E-safety rules and give permission for my child to access the internet. I understand that the school will take all reasonable precautions to ensure that pupils cannot access inappropriate materials. I appreciate that despite these precautions [including having 'acceptable use' rules and firewalls in place]; eliminating all instances of inappropriate materials may be a difficult task. I understand that the school has an agreed protocol for dealing with instances of inappropriate material if discovered. I therefore understand that the school cannot be held responsible for the content of materials accessed through the internet. I also agree that the school is not liable for any damages arising from the use of internet facilities.
